Advora

Design System

Colour Tokens · Typography Scale · Component Library · Dark Mode

Version 1.0 · April 2026

1. Colour Tokens

All colour decisions in the Advora design system are expressed as named tokens. Use these tokens in code rather than raw hex values to ensure consistency and theme-switch support.

1.1 Brand & Primary

Swatch	Token Name	Hex Value	Usage
	`color.brand.primary`	`#C4825A`	CTA buttons, links, active icons, logo "Ad"
	`color.brand.primaryDark`	`#A0633F`	Hover / pressed state for primary elements
	`color.brand.surface`	`#FDF6F1`	Tinted background for section highlights

1.2 Semantic / Status

Swatch	Token Name	Hex Value	Usage
	`color.status.success`	`#4CAF50`	Active badge, Activate button, positive indicators
	`color.status.danger`	`#E53935`	Block button, Blocked badge, destructive actions
	`color.status.warning`	`#FF9800`	Report alert icon, suspicious-pricing tag
	`color.status.info`	`#2196F3`	Active trend arrow on dashboard

1.3 Neutral Palette

Swatch	Token Name	Hex Value	Usage
	`color.neutral.0`	`#FFFFFF`	Card background (light mode), primary text on dark
	`color.neutral.50`	`#F5F5F5`	Page background (light mode)
	`color.neutral.200`	`#E0E0E0`	Dividers, input borders (light mode)
	`color.neutral.400`	`#9E9E9E`	Placeholder text, secondary metadata

	`color.neutral.600`	`#757575`	Body secondary text, timestamps
	`color.neutral.900`	`#212121`	Primary body text (light mode)

1.4 Dark Mode Surfaces

Swatch	Token Name	Hex Value	Usage
	`color.dark.background`	`#1A1A1A`	Root page background in dark mode
	`color.dark.surface`	`#2C2C2C`	Card / sheet surface in dark mode
	`color.dark.nav`	`#111111`	Bottom navigation bar in dark mode
	`color.dark.border`	`#3A3A3A`	Dividers and input borders in dark mode

2. Typography Scale

Advora uses the system sans-serif stack on Android (Roboto) and iOS (SF Pro). All size values are in sp (scale-independent pixels) for mobile, mapped to pt for web/print contexts.

2.1 Type Scale

Token / Role	Size · Weight · Line-height · Usage
`type.display`	28 sp · Bold 700 · 1.2 · App name "Advora" in header, cover titles
`type.heading1`	22 sp · Bold 700 · 1.3 · Screen title (e.g. "Dashboard Overview", "Profile")
`type.heading2`	18 sp · Semi-Bold 600 · 1.35 · Section headings (e.g. "Quick Actions", "Recent Activity")
`type.heading3`	16 sp · Semi-Bold 600 · 1.4 · Card titles, list item names
`type.body`	14 sp · Regular 400 · 1.5 · General body text, form labels
`type.bodySmall`	12 sp · Regular 400 · 1.5 · Secondary metadata (location, timestamps)
`type.caption`	11 sp · Regular 400 · 1.4 · Status badges text, chip labels
`type.overline`	10 sp · Medium 500 · 1.2 · "USER'S LISTINGS" all-caps section label
`type.mono`	13 sp · Mono Regular · 1.5 · Prices (₹25,000), stat counters (156 / 23)

2.2 Font Weights in Use

Weight	Application
`700 Bold`	Screen titles, card headings, CTA button labels, user names
`600 Semi-Bold`	Section headings, stat labels, navigation active items
`500 Medium`	Form field labels, chip text, overline labels
`400 Regular`	Body text, metadata, placeholder text, timestamps

2.3 Bilingual Typography

The app supports English and Hindi (Devanagari). Key rules:

- Hindi text uses the same type scale as English but falls back to Noto Sans Devanagari for full Unicode coverage.
- Language toggle switches the entire UI string set; no mixed-language strings within a single screen.

- Prices and numerals always render in Latin digits regardless of selected language.

3. Component Library

3.1 Buttons

Primary Button (e.g. "Login", "Register", "Mark Sold")
Background: color.brand.primary (#C4825A)
Text: color.neutral.0 (#FFFFFF) · type.heading3 · Bold
Corner radius: 12 dp
Height: 52 dp · Horizontal padding: 24 dp
Pressed state: color.brand.primaryDark (#A0633F)
Full-width layout within its parent container

Danger Button (e.g. "Logout", "Block")
Background: color.status.danger (#E53935)
Text: color.neutral.0 (#FFFFFF) · type.heading3 · Bold
Corner radius: 12 dp · Height: 52 dp
Used for destructive or account-exit actions

Success Button (e.g. "Activate")
Background: color.status.success (#4CAF50)
Text: color.neutral.0 (#FFFFFF) · type.heading3 · Bold
Corner radius: 12 dp · Height: 52 dp
Paired with the Danger button on User Details screen

Outline Button (e.g. "Mark Sold")
Background: transparent
Border: 1.5 dp solid color.brand.primary (#C4825A)
Text: color.brand.primary · type.body · Medium
Corner radius: 8 dp · Height: 36 dp · Horizontal padding: 16 dp
Used for secondary actions within listing cards

Icon Action Button (e.g. Filter, Post Ad FAB)
FAB: 56 dp × 56 dp circle · Background: color.brand.primary
Icon: 24 dp white SF Symbols / Material Icon
Small square icon buttons (filter): 48 dp × 48 dp · radius 10 dp

3.2 Input Fields

Text Input (light mode)
Background: color.neutral.0 · Border: 1 dp color.neutral.200
Corner radius: 10 dp · Height: 52 dp · Horizontal padding: 16 dp
Label: type.bodySmall · color.neutral.600 (floated above when focused)
Placeholder: type.body · color.neutral.400
Leading icon: 20 dp · color.neutral.600
Trailing icon (password toggle): 20 dp · color.neutral.400

Text Input (dark mode)
Background: color.dark.surface (#2C2C2C)
Border: 1 dp color.dark.border (#3A3A3A)
Text: color.neutral.0 · Placeholder: color.neutral.400
All other specs match light mode variant

Dropdown / Select (e.g. "Select category")
Identical to Text Input with trailing chevron icon (color.brand.primary)
Opens a bottom sheet modal; items use type.body · 48 dp row height

Search Bar
Leading magnifier icon: 20 dp · color.neutral.400
Background: color.neutral.0 · Border radius: 24 dp (pill shape)
Shadow: 2 dp elevation · Height: 48 dp
Used on User Management and Map screens

3.3 Cards

Listing Card (home feed, grid)
Background: color.neutral.0 · Corner radius: 12 dp
Shadow: 0 2 8 rgba(0,0,0,0.08)
Hero image: 16:9 aspect ratio at top, corner radius 12 dp (top corners only)
"Active" chip overlays image top-left: color.status.success · white text · 6 dp radius
Heart / Saved icon: top-right, 24 dp
Title: type.heading3 · Bold · color.neutral.900
Location: type.bodySmall · color.neutral.600
Price: type.mono · Bold · color.brand.primary
Category chip (bottom-right): outlined · color.neutral.200 border · type.caption

User List Item (User Management)
Avatar initial circle: 40 dp · Bold · tinted per initial (blue R, green P, teal A …)
Primary text: type.body · Bold · color.neutral.900
Secondary text: type.bodySmall · color.neutral.600 (email)

Status badge: "ACTIVE" color.status.success · "BLOCKED" color.status.danger · type.caption · Bold
Trailing chevron: 16 dp · color.neutral.400
Separator: 1 dp color.neutral.200, inset 56 dp left

Report Card (Reports screen)
Background: color.neutral.0 · Corner radius: 10 dp
Left icon: alert circle 24 dp · color.status.danger
Title: type.heading3 · Bold · color.neutral.900
Reason tag: color.brand.primaryDark text · F9EDE6 tinted background · type.bodySmall · Bold
Meta: "By: {name} · {date}" · type.bodySmall · color.neutral.400
Action button: color.status.success · "Action" label · type.body · Bold · 36 dp height

Dashboard Stat Card
Background: color.neutral.0 · Corner radius: 10 dp · Shadow: 0 1 4 rgba(0,0,0,0.06)
Icon: 24 dp tinted (brown for ads, green for users, red for reports, blue for active)
Number: 28 sp · Bold · color.neutral.900
Label: type.bodySmall · color.neutral.600
Layout: 2-column grid with equal card widths

3.4 Toggle Switch

Toggle Switch
Track size: 50 dp × 28 dp · Corner radius: 14 dp (fully rounded)
ON state — track: color.brand.primary (#C4825A) · thumb: color.neutral.0
OFF state — track: color.neutral.200 (#E0E0E0) · thumb: color.neutral.0
Dark mode ON state — track: #6B4FBB (accent purple observed on dark profile screen)
Animation: 200 ms ease-in-out slide
Used for: Dark Theme toggle, Language toggle (Hindi/English)

3.5 Status Badges & Chips

Badge / Chip	Visual Specification
`ACTIVE`	Text: #388E3C · Background: transparent · Bold · type.caption
`BLOCKED`	Text: #E53935 · Background: transparent · Bold · type.caption
`Active (listing chip)`	Background: color.status.success · Text: white · 6 dp radius · type.caption · Bold
`Pending tab`	Text: color.neutral.600 · Not selected style · type.body

`Resolved tab`	Background: color.brand.primary · Text: white · 8 dp radius · type.body · Bold
`Category chip`	Border: 1 dp color.neutral.200 · Text: color.neutral.900 · 20 dp radius · type.caption

3.6 Navigation

Bottom Tab Bar

Background: color.neutral.0 (light) / color.dark.nav #111111 (dark)
Height: 64 dp · Tab count: 5 (Home, My Ads, Post Ad, Map, Saved)
Active tab: icon + label in color.brand.primary
Inactive tab: icon + label in color.neutral.400
Post Ad tab: 56 dp circle FAB · color.brand.primary · + icon · white
Icon size: 24 dp · Label: type.caption

Side Drawer Navigation (Admin panel)

Background: #111111 (near-black)
App name "Advora": type.display · Bold · color.brand.primary
Menu items: type.body · color.brand.primary (normal) · white (active)
Active item has a rounded-rectangle highlight: #3A1A0A
Item height: 52 dp · Icon: 20 dp · Horizontal padding: 16 dp
Logout button: full-width · color.status.danger · rounded 8 dp · pinned to bottom

App Bar / Top Navigation

Light mode: white background · shadow 2 dp elevation
Dark mode: color.dark.nav (#111111) · no shadow
Title: type.heading1 · Bold · color.neutral.900 (light) / color.brand.primary (dark admin)
Back arrow: 20 dp · color.neutral.900 / color.brand.primary
Right actions: Language badge "EN" (outlined, 32×32 dp) · Bell icon · User icon

4. Dark Mode

Advora supports a full dark mode accessible via the Dark Theme / Dark Mode toggle on all profile screens. The mode is persisted across sessions. The colour mapping table below shows light → dark substitutions.

4.1 Light → Dark Token Mapping

Light Token	Dark Token (substitution)
`color.neutral.0 (#FFFFFF) — surfaces`	color.dark.surface (#2C2C2C)
`color.neutral.50 (#F5F5F5) — page bg`	color.dark.background (#1A1A1A)
`color.neutral.200 (#E0E0E0) — borders`	color.dark.border (#3A3A3A)
`color.neutral.900 (#212121) — primary text`	color.neutral.0 (#FFFFFF)
`color.neutral.600 (#757575) — secondary`	color.neutral.400 (#9E9E9E)
`color.neutral.0 — nav bar bg`	color.dark.nav (#111111)
`color.brand.primary — app bar title`	color.brand.primary (unchanged)
`Shadow 0 2 8 rgba(0,0,0,0.08)`	No shadow (surface already elevated by colour contrast)

4.2 Components with Specific Dark Adaptations

- Input fields: background shifts to color.dark.surface; border to color.dark.border; text to white.
- Cards: background shifts to color.dark.surface; avatar circle backgrounds adopt darker tints.
- Toggle switch ON track becomes #6B4FBB (deep purple accent) in dark mode to maintain sufficient contrast.
- Status badges (ACTIVE / BLOCKED) keep their green/red text colours — contrast is verified on dark surfaces.
- Profile avatar placeholder circle uses a dark brown fill (#3D2B1A) in dark mode.
- Admin drawer and App Bar use #111111 in both modes — no change needed.

4.3 Accessibility Contrast Requirements

Pair	Minimum Contrast (WCAG AA)
`White text on color.brand.primary (#C4825A)`	≥ 3.0 : 1 (large text / UI components)

`color.brand.primary on white background`	≥ 3.0 : 1 (UI components)
`Primary text on color.dark.surface`	≥ 4.5 : 1 (normal text)
`color.status.success on white`	≥ 3.0 : 1 (badge — UI component)
`color.status.danger on white`	≥ 3.0 : 1 (badge — UI component)

5. Spacing & Radius Scale

5.1 Spacing Tokens

Token	Value · Usage
`space.xs`	4 dp · Icon-to-label gaps, tight internal padding
`space.sm`	8 dp · Chip internal padding, small gaps
`space.md`	12 dp · Card internal padding (compact)
`space.lg`	16 dp · Standard horizontal screen padding, list item padding
`space.xl`	24 dp · Button horizontal padding, section vertical gap
`space.2xl`	32 dp · Between major sections on a screen
`space.3xl`	48 dp · Top padding on modal/sheet

5.2 Border Radius Tokens

Token	Value · Usage
`radius.xs`	4 dp · Small chips, reason tags
`radius.sm`	6 dp · Listing "Active" overlay chip
`radius.md`	8 dp · Outline buttons, small cards, report action button
`radius.lg`	10 dp · Stat cards, report cards
`radius.xl`	12 dp · Primary/Danger buttons, listing cards, input fields
`radius.pill`	50 % · Toggle switch track, search bar, status indicator dots
`radius.full`	50 % · Avatar circles, FAB button
